NASA's ISS-RapidScat Earth science mission ends

[November 28, 2016] By Carol Rasmussen, NASA's Earth Science News Team

NASA climate website since 2009: climate.nasa.gov (<http://climate.nasa.gov/news/2523/nasas-iss-rapidscat-earth-science-mission-ends/>)

“... following a **successful** two-year **mission** aboard the space station.”

“... an improved understanding of fundamental weather and **climate** processes, such as how tropical weather systems form and evolve.”

“... a partnership between JPL and the International Space Station Program Office at NASA's Johnson Space Center in **Houston**, with support from the Earth Science Division of NASA's Science Mission Directorate in Washington. Other mission partners include the agency's Kennedy Space Center in Florida and its Marshall Space Flight Center in Huntsville, Alabama; the **European Space Agency**; and SpaceX.
